

IASP 2020 WORLD CONGRESS ON PAIN

Amsterdam • 4–8 August 2020

Ticketed Event Rates

Hands-On on Workshop Sessions	Member	Nonmember	Trainee/ Developing Country Member	Trainee/ Developing Country Nonmember
Assessing Conditioned Pain Modulation in Humans as a Proxy for the Efficacy of Descending Inhibitory Circuitries	\$199	\$299	\$149	\$199
Concepts of Providing Standardized Sensory Testing Protocols in Developed and Developing Countries	\$199	\$299	\$149	\$199
IASP Cadaver Lab - Pain Management (Each Session)	\$499	\$649	\$249	\$349
Neurophysiological Methods in the Assessment of Neuropathic Pain in Humans	\$199	\$299	\$149	\$199
Optogenetics and Optical Sensors in Pain Research	\$99	\$149	\$99	\$149
Ultrasound for Pain Intervention Workshop I- Peripheral nerve	\$299	\$449	\$199	\$249
Ultrasound for Pain Intervention Workshop II- Musculoskeletal system	\$299	\$449	\$199	\$249
Virtual Reality Pain Education and Training	\$199	\$299	\$149	\$199

IASP 2020 WORLD CONGRESS ON PAIN

Amsterdam • 4–8 August 2020

Ticketed Event Rates

Satellite Symposia Sessions	Member	Nonmember	Trainee/Developing Country Member	Trainee/Developing Country Nonmember
Advances in Pediatric Pain Prevention and Treatment: From Basic Science to Clinical Application (Pain in Childhood SIG)	\$85	\$140	\$60	\$60
Chronic Itch; Clinical and Molecular Mechanisms (Itch SIG)	\$10	\$20	\$5	\$5
Compensation and Medico-Legal Issues in Pain (Ethical and Legal Issues in Pain SIG)	\$55	\$105	\$35	\$35
Discovering New Therapeutic Targets and Molecular Pain Mechanisms using Human Tissues: Recent Advances, Emerging Pitfalls, Continuing Gaps in Knowledge (Neuropathic Pain SIG (NeuPSIG))	\$85	\$140	\$60	\$60
Evidence Synthesis for Determining Efficacy and Harm: Identifying a Quality Signal in the Growing Noise (Methodology Evidence Synthesis and Implementation SIG (MESISIG))	\$55	\$105	\$35	\$35
Global CRPS Presentations and Management Standards, and Recent CRPS Highlights (CRPS SIG)	\$55	\$105	\$35	\$35
Interfacing Evidence in Clinical Practice (Pain, Mind and Movement SIG)	\$85	\$140	\$60	\$60
Mechanism of Chronic Orofacial Pains (Orofacial and Head Pain SIG)	\$35	\$55	\$25	\$25
Multilevel Perspectives on the Social Foundations of Pain (Social Aspects of Pain SIG)	\$85	\$140	\$60	\$60

IASP 2020 WORLD CONGRESS ON PAIN

Amsterdam • 4–8 August 2020

Ticketed Event Rates

Satellite Symposia Sessions	Member	Nonmember	Trainee/Developing Country Member	Trainee/Developing Country Nonmember
Practical Aspects of Placebo Response Training for Clinical Trial Subjects and Investigators (Clinical Trials SIG)	\$55	\$105	\$35	\$35
Preventing Chronification of Acute Pain and its Consequences (Acute Pain SIG)	\$85	\$140	\$60	\$60
Psychoneurobiological Mechanisms of Placebo Effects: Recent Evidence and Clinical Implications (Pain and Placebo SIG)	\$100	\$135	\$60	\$60
Survivors of Torture and Organized Violence: Pain in Context (Pain Related to Torture Organized Violence and War (TOVW) SIG)	\$45	\$55	\$35	\$35
Technology, Innovation, and Progress Symposium in Pain Education (TIPS for PainEd) (Pain Education SIG)	\$85	\$140	\$60	\$60
The War Against Cancer Pain: Are We Winning? (Cancer Pain SIG)	\$55	\$105	\$35	\$35
Updates of Musculoskeletal Pain: Fascia, Inflammation, Neuroplasticity and Microbiome (Musculoskeletal Pain SIG)	\$85	\$140	\$60	\$60

IASP 2020 WORLD CONGRESS ON PAIN

Amsterdam • 4–8 August 2020

Ticketed Event Rates

Refresher Course Sessions	Member	Nonmember	Trainee/Developing Country Member	Trainee/Developing Country Nonmember
Building Resilience to Chronic Pain and Distress through State of the Art Psychosocial Treatments	\$249	\$349	\$99	\$199
Communication and Implementation of psychologically-Informed Care for Musculoskeletal Pain	\$249	\$349	\$99	\$199
CRPS from Bedside to Bench	\$249	\$349	\$99	\$199
Design, Conduct, and Analysis of Robust Pre-Clinical Experiments	\$249	\$349	\$99	\$199
Fibromyalgia - Diagnosis, differential diagnosis and management	\$249	\$349	\$99	\$199
Genetics and Genome in Pain Research	\$249	\$349	\$99	\$199
Headache Session	\$249	\$349	\$99	\$199
Neuropathic Pain Mechanisms: Insights from Bench to Bedside	\$249	\$349	\$99	\$199
Opioid Therapeutics in 2020 - Bench to Bedside	\$249	\$349	\$99	\$199
Pain in cancer patients: Evidence-Based Care on the Cancer Journey	\$249	\$349	\$99	\$199
Pediatric Trauma Pain Treatment and Prevention: Healing Faster with Evidence-Based Interventions	\$249	\$349	\$99	\$199
Placebo and Nocebo Effects: What Are the Underlying Mechanisms, How Do They Influence Trial Design, and to Which Extent Can They Be Optimized in Clinical Practice in Ethically Appropriate Ways?	\$249	\$349	\$99	\$199
